To Whom It May Concern:

We have been working with Anders Wallin for 5 years and during that time he designed, developed and managed the technical aspects of our e-commerce website.

He developed our Initial e-commerce site on a Microsoft Commerce Server 2002 solution platform.

Our current e-commerce solution is based on a ASPDotNetStorefront package solution.

Anders also designed and developed a real-time inventory shoe finder with a touch screen interface for our stores.

We are very satisfied with Anders work and professionalism and we sincerely recommend him in his future endeavors.
